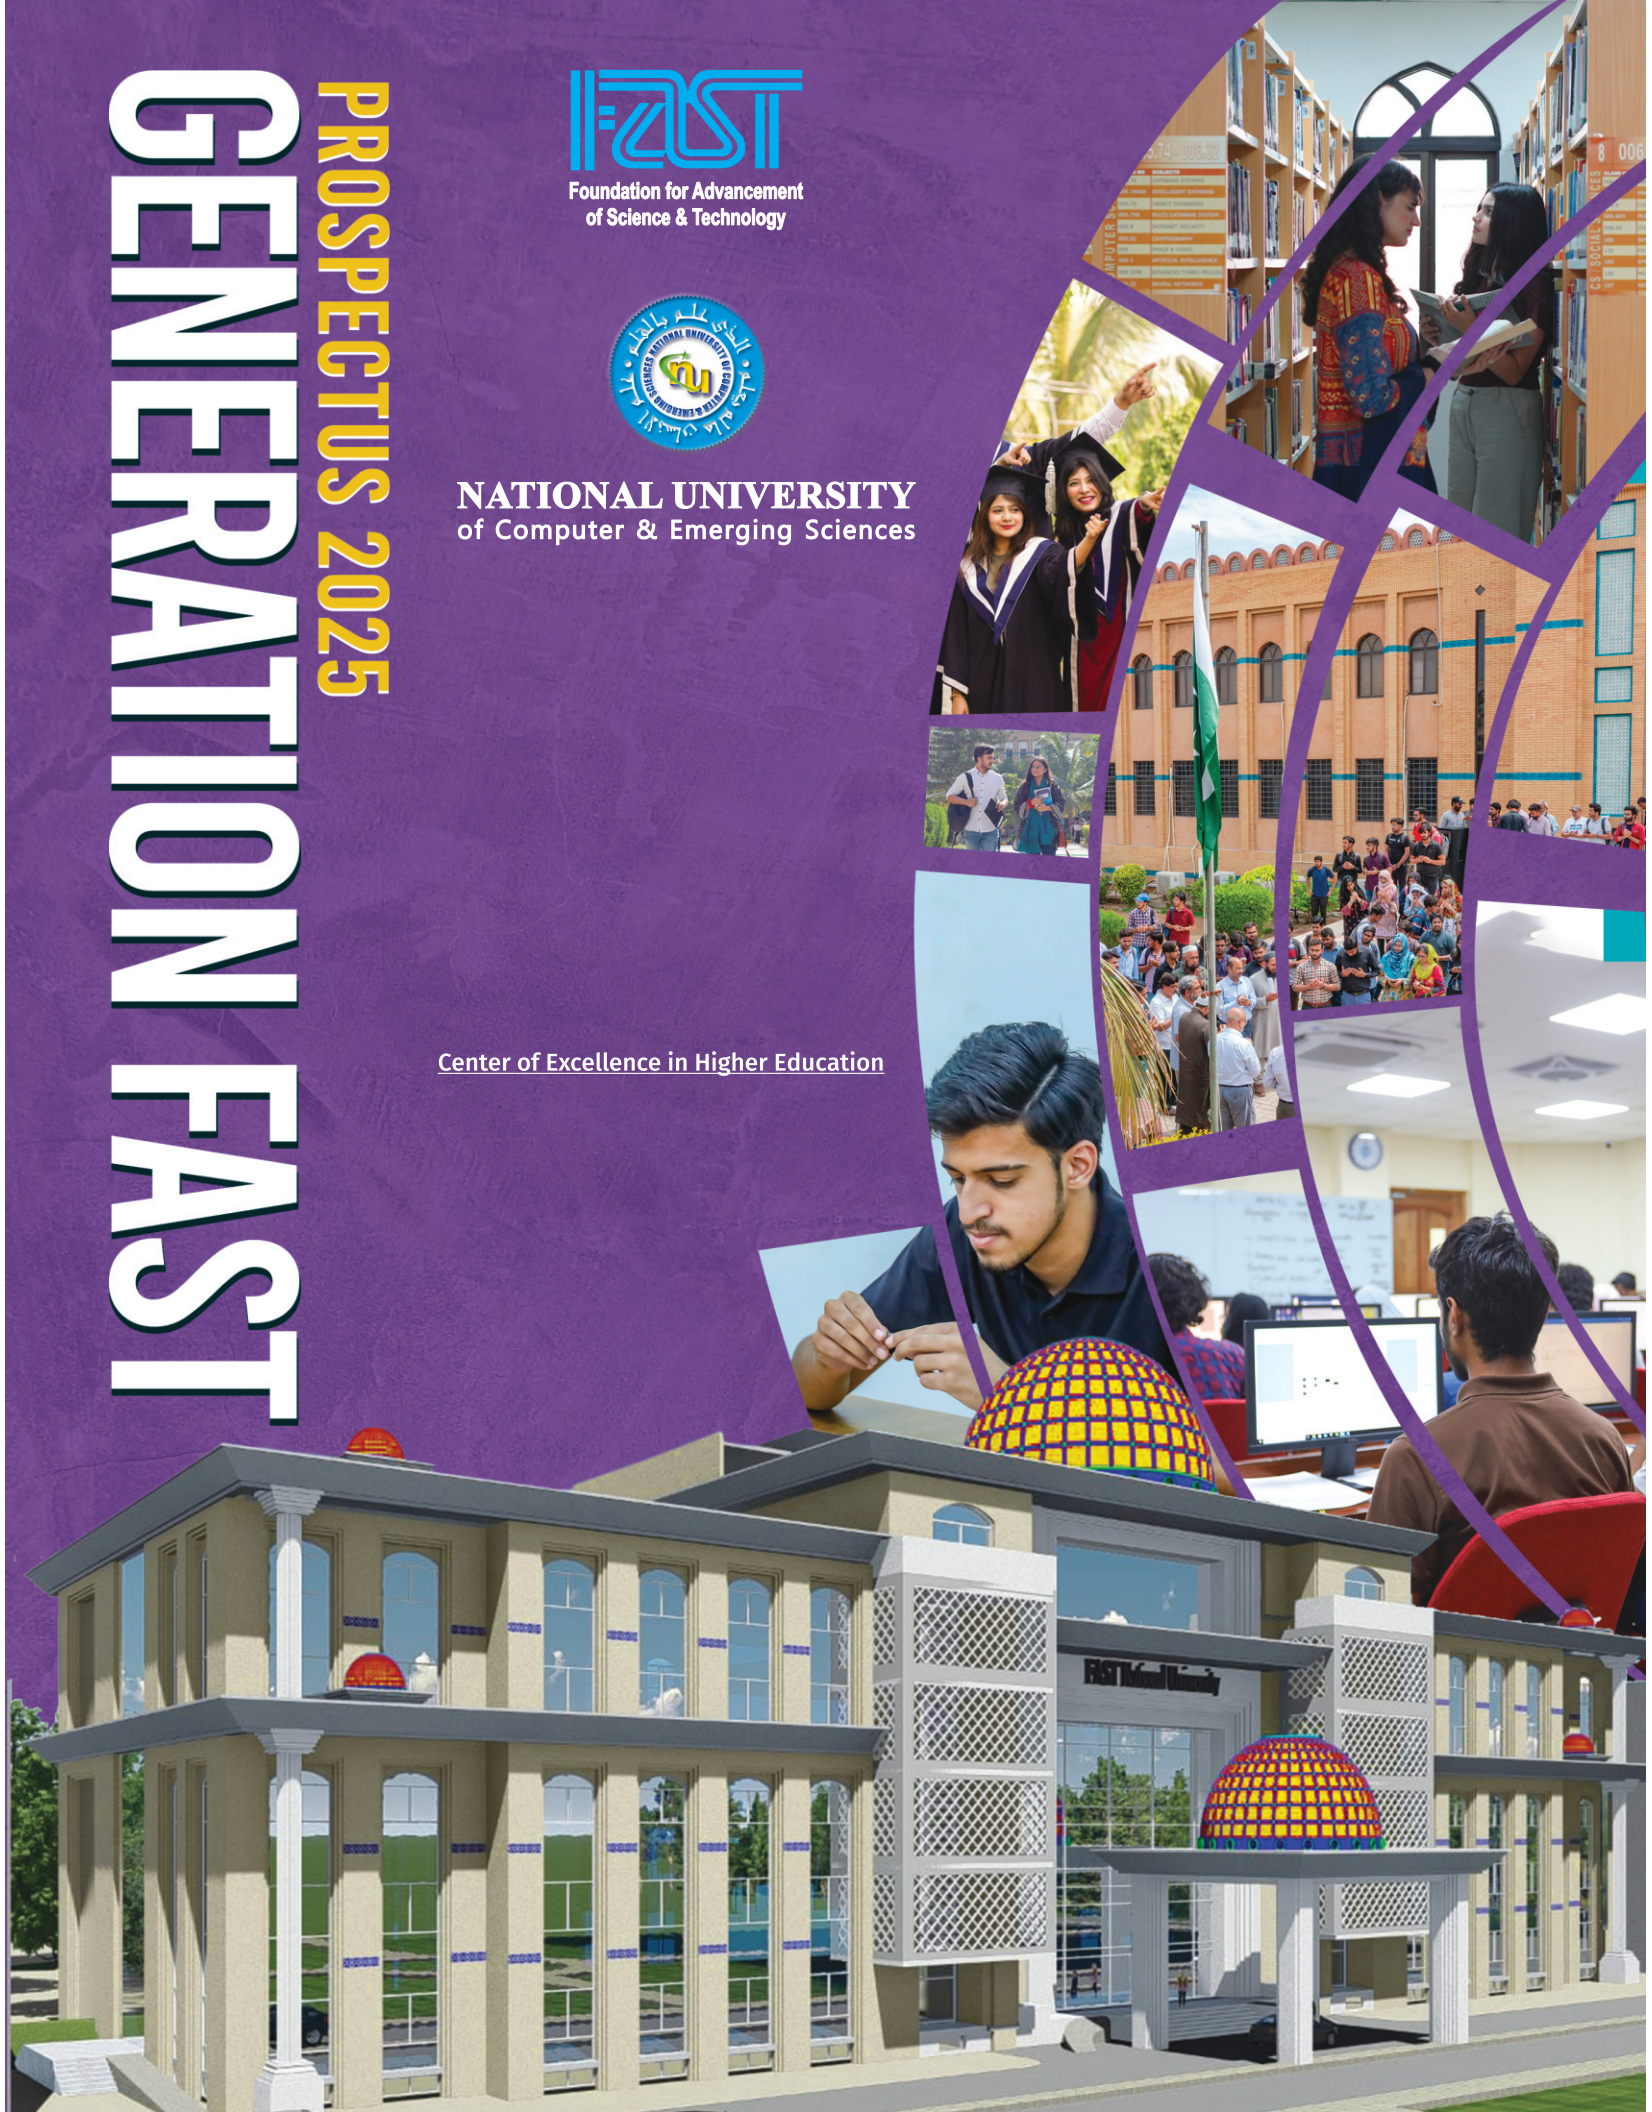
GENERATION FAST

PROSPECTUS 2025

Foundation for Advancement of Science & Technology

NATIONAL UNIVERSITY
of Computer & Emerging Sciences

Center of Excellence in Higher Education



Vision

To produce world- class professionals, who are responsible citizens and good human beings.

Mission

1. To identify and attract the most promising students from diverse communities, to shape them into visionary leaders and world- class professionals.
2. To impart quality education to students, irrespective of their financial background ethnicity, gender or religion to create an inclusive society.
3. To promote research and scholarly activities to generate knowledge.

FAST
Foundation for
Advancement of
Science and
Technology

The Foundation

The sponsoring body of the University – the Foundation for Advancement of Science and Technology (FAST) was established in 1980. It is registered with the Government of Pakistan as a charitable institution. In 1985, it selected higher education as a vehicle to pursue its objective of producing scientists and technologists of the highest caliber. FAST pioneered the development of IT industry in Pakistan by offering the country's first undergraduate program in Computer Science. Today, this University, sponsored by FAST, stands recognized as the leader and trend-setter in this field in Pakistan and abroad.

A Board of Governors, elected in accordance with its Charter, manages the affairs of the Foundation. The members of the Board are eminent personalities in their respective fields and are associated with the Foundation in an honorary capacity.

BOARD OF GOVERNOR OF FAST

President

Mr Wasim Sajjad, N.I.

Rector's Message

RECTOR
Dr Aftab Ahmad

It is my pleasure to welcome you as prospective members of the FAST-NUCES community. As you take your first steps toward shaping your future, you stand at a unique intersection of opportunity and transformation-an era defined by rapid innovation, global connectivity, and evolving career landscapes. At FAST-NUCES, we are committed to helping you navigate these changes with confidence, purpose, and clarity.

With established campuses in Lahore, Karachi, Islamabad, Peshawar, and Chiniot-Faisalabad, I am proud to announce the opening of our new Multan Campus in DHA in 2025. This expansion aims to provide high quality education with a focus on innovative, and research-based learning.

This year marks another significant academic milestone with the introduction of our PhD in English (Linguistics) at the Lahore Campus, expanding our academic offerings and reinforcing our commitment to interdisciplinary excellence.

As pioneers of Computer Science education in Pakistan in 1985, we laid the foundation for a legacy of excellence that continues to this day. Since then, we have shaped countless leaders who now excel across the globe-in technology, business, engineering, and entrepreneurship. Our graduates contribute to leading companies and launch ventures that drive innovation and economic growth.

We offer a diverse range of academic programs designed for a fast-evolving world, including:

- Traditional and specialized programs in Computer Science, Software Engineering, Electrical and Computer Engineering, Civil Engineering, Business & Finance
- Future-focused disciplines such as Artificial Intelligence, Data Science, Cyber Security, Fintech, and Business Analytics
- Niche specializations like Game Development that equip students with industry-relevant, cutting-edge skills

In 2025, we are expanding our international outreach through a dedicated admissions campaign to attract students from around the world, fostering a learning environment enriched by diversity, inclusion, and shared ambition. As a non-profit institution committed to access and excellence, we offer substantial aid to ensure that no deserving student is held back by financial constraints.

At FAST-NUCES, education is more than a degree-it's a launchpad for critical thinking, adaptability, and leadership. We are committed to fostering not just technical skills, but the mindset needed to navigate a fast-changing world. Here, you'll be challenged to think independently, grow with purpose, and engage meaningfully with the world around you.

We look forward to welcoming you to a future of purpose, passion, and progress.

Founded as a Federally Chartered University in July 2000, the National University of Computer and Emerging Sciences is a premiere University of Pakistan, renowned for quality and impact of its students in the development of local software and other industries. The university has five modern campuses at Karachi, Lahore, Islamabad, Peshawar and Chiniot-Faisalabad. These campuses provide world class educational environment and recreational facilities to about 13,000 students, around one-quarter are female.

Research wings of the university are well recognized, nationally and internationally. They are embarked upon cutting edge research having direct impact on the social, economic and technological needs of Pakistan. Our vision is to become a globally recognized research university of Pakistan within the next decade.
