The Foundation

The sponsoring body of the University – the Foundation for Advancement of Science and Technology (FAST) was established in 1980. It is registered with the Government of Pakistan as a charitable institution. In 1985, it selected higher education as a vehicle to pursue its objective of producing scientists and technologists of the highest caliber. FAST pioneered the development of IT industry in Pakistan by offering the country's first undergraduate program in Computer Science. Today, this University, sponsored by FAST, stands recognized as the leader and trend-setter in this field in Pakistan and abroad.

A Board of Governors, elected in accordance with its Charter, manages the affairs of the Foundation. The members of the Board are eminent personalities in their respective fields and are associated with the Foundation in an honorary capacity.

Board of Governors of Fast

President

Mr Wasim Sajjad, N.I.

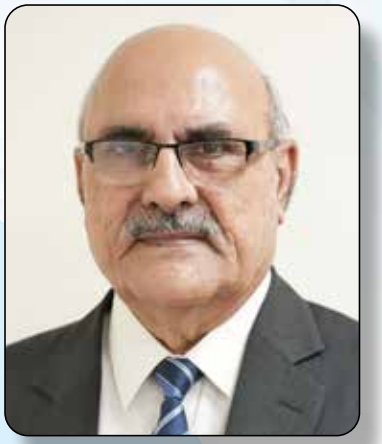
Rector's Message

Dear Applicants



We are delighted to receive your admission applications to our esteemed university. As you embark on this new journey in higher education, you find yourselves in a time of rapid technological advancement, presenting the unique challenge of choosing between traditional and emerging fields of study. Technology is undeniably the future, and we are here to guide you through these choices.

FAST-NUCES is Pakistan's premier technology university and a bastion of higher learning. With campuses in Lahore, Karachi, Islamabad, Peshawar, and Chiniot-Faisalabad, we are excited to announce the opening of our Multan Campus in 2025 to support the talent and youth of South Punjab. As a non-profit institution dedicated to human development, we provide substantial financial aid to ensure that no one is denied the opportunity for education.

We take pride in being pioneers of Computer Science education in Pakistan, having introduced the first degree in 1985. Our alumni are the backbone of the software industry as well as holders of top positions in management and engineering domains both in Pakistan and internationally, contributing to major multinational companies and playing a crucial role in the entrepreneurial ecosystem globally.

Continuing our legacy of innovation, we offer degree programs in Artificial Intelligence, Data Science, Financial Technology (Fintech), and Cyber Security. In 2021, we successfully launched our Business Analytics degree program. Additionally, we provide programs in Computer Science, Software Engineering, Electrical Engineering, Computer Engineering, Civil Engineering, Business Administration, and Accounting and Finance. We have also introduced a specialization in Game Development within the Computer Science program for senior students.

We believe that your decision to join us will pave the way for a rewarding career in an emerging discipline. Our commitment is to equip you with the knowledge and skills necessary for success in your chosen field of study.

Best wishes and good luck in your endeavors.

Dr Aftab Ahmad Maroof

RECTOR

The University

Founded as a Federally Chartered University in July 2000, the National University of Computer and Emerging Sciences is a premiere University of Pakistan, renowned for quality and impact of its students in the development of local software and other industries. The university has five modern campuses at Karachi, Lahore, Islamabad, Peshawar and Chiniot-Faisalabad. These campuses provide world class educational environment and recreational facilities to about 13,000 students, around one-quarter are female.

Research wings of the university are well recognized, nationally and internationally. They are embarked upon cutting edge research having direct impact on the social, economic and technological needs of Pakistan. Our vision is to become a globally recognized research university of Pakistan within the next decade.
